

ABHISHEK KUMAR

Full Stack Developer | Backend Engineer | AI Workflow Automation Developer

Panchkula, India | 8729016970 | kingmohit276@gmail.com | shekhu01.netlify.app

PROFESSIONAL SUMMARY

Full stack developer with professional experience building business software, AI-assisted workflow automation, customer portals, and backend APIs. Skilled in React.js, Python, JavaScript, Express.js, MongoDB, MySQL, REST APIs, and Gemini AI integration. Delivered production systems that simplified field-service operations, improved data access, and reduced manual workload.

TECHNICAL SKILLS

- Frontend: React.js, JavaScript, HTML5, CSS3
- Backend: Python, Node.js, Express.js, REST APIs
- Databases: MongoDB, MySQL, Excel-based data workflows
- Tools: Git, GitHub, Postman, VS Code
- Core Strengths: AI automation, problem solving, workflow digitization, teamwork

PROFESSIONAL EXPERIENCE

VELCONTECH (Remote) — Full Stack Developer | Apr 2026 - Present

- Developing scalable full-stack applications using the MERN stack for business and client-facing use cases.
- Building REST APIs, authentication flows, responsive UIs, and reusable components for production deployment.
- Managing feature delivery, performance improvements, and ongoing application maintenance.

ENERGY ELECTRICALS, Panchkula — Backend Developer | Aug 2025 - Apr 2026

- Designed and developed a confidential AI-powered service management platform supporting PSPCL operations.
- Built Python APIs that let site engineers retrieve installation details, serial numbers, service history, probable fault causes, and customer contacts using product name or serial number.
- Integrated Gemini AI to assist troubleshooting and improve field-service decision making.
- Automated retrieval from enterprise databases and master Excel sheets, reducing repetitive manual work by approximately 40%.
- Developed a React-based client portal so customers could view their service information and weekly data securely in the app.

Kannect Engineers Pvt. Ltd. — E-commerce Operations & Supply Chain Management | Apr 2025 - Jul 2025

- Managed e-commerce operations, inventory tracking, procurement workflows, and vendor coordination.
- Supported supply chain processes through accurate data handling, follow-ups, and operational coordination.
